*A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

Mute Publishing Ltd, United Kingdom, 2013. Paperback. Book Condition: New. 198 x 122 mm. Language: English . Brand New Book ***** Print on Demand *****.In this volume, passionate texts from the last decade by artist and theory collective Claire Fontaine are brought together with an extended concluding essay and foreword. Moving across militant, aesthetic and poetic registers these texts consider what resistance might look like in the age of human capital, where all dimensions of the self are infiltrated and conscripted by capital in its pursuit of value. Their answer is the human strike - a strike against the demands on the self imposed by power - in the interest of changing ourselves , becoming who we want to become. This strike has been happening all along, throughout history, but has today reached a peak of political consciousness. This book was commissioned to accompany the Post-Media Lab s The Subsumption of Sociality research theme. Published by Mute Books and Post-Media Lab.
