Reviews

Most of these publication is the greatest publication offered. It is actually rally intriguing throgh reading period of time. You can expect to like just how the article writer create this publication. (Eddie Schuppe)

FOUNDATIONS OF CHESS STRATEGY (PAPERBACK)

[DOWNLOAD PDF](#)

Gambit Publications Ltd, United Kingdom, 2005. Paperback. Book Condition: New. 244 x 172 mm. Language: English . Brand New Book. Chess is a game where profound strategic thinking must be allied with clever short-term tactics. Most previous works on strategy focus on specific aspects of chess strategy, but Lars Bo Hansen's aims here are different. He creates a framework in which the various elements can be systematically included and organized - a framework that will help chess-players to think about chess strategy during practical play. The theory of business strategy is extensively developed, and Hansen adopts the novel approach of investigating whether any of the vast amounts of research and modelling done for business purposes can be applied in chess. He finds that there are indeed many useful parallels, and focuses on how these ideas can be used to good effect by chess-players both in their preparation and when making over-the-board decisions.
