Georgetown University Press, United States, 2007. Mixed media product. Book Condition: New. 2nd Revised edition. 272 x 221 mm. Language: Spanish . Brand New Book. Integrating grammar and composition, this comprehensive new edition guides the advanced student through progressively more complex types of writing by organizing the grammar lessons on a functionalist basis around the needs of composition. This innovative approach to teaching Spanish grammar and composition promotes systematic language development and enables students to strengthen their expressive and editing skills in the language in order to write more effectively and more confidently. Refined by years of classroom testing and analysis of the problems students encounter, this bestselling textbook has been substantially rewritten and incorporates current research in composition, pedagogy, second-language acquisition, and linguistics. It contains exercises on grammar practice, working with sentences and paragraphs, guided essays, and free composition. These practices are available for free online at our associated website. It includes images from William Bull's Visual Grammar of Spanish help with distinctions that seem difficult. It contains an Instructor's Manual -...
