USFA-TR-066 June 1992 5 AFTeR THe FIRE The fire took more than 45 minutes to bring under control. Firefighters said that at no time during their firefighting efforts were they made aware that many of the buildings occupants might still be inside. Shortly after the fire was under control, they began a search of the building and discovered that 10 of the buildings 17 occupants had died. The floor plan in Appendix A shows the locations of the victims. They were distributed throughout the building. Although autopsies were not conducted, blood toxicology tests were performed, and each victim was examined to confirm the most likely cause of death.
